Scoring

Just a reminder that a new scoring scale came into effect in the 2020 season. Synergy Dance hasn't adjusted the scoring scale in the last decade, but since that time we have increased in size by over 25,000 dancers and thousands of performances.

The 2020 adjustments to the rubric scale for scoring were put in place to ensure a balanced curve and distribution. New scaling continues to reflect the demographic of a province-wide standard; as talent in the province increases, a need for adjustments to the scale has been required to reflect that development. Our judges complete mandatory online training, which provides the platform for a province-wide standard of excellence and expectation.

The scale has been adjusted, for example diamond was previously 92.55 and in 2020 it is now required to obtain a score of 94.00 to reach a diamond designation. As scoring slides on the new rubrics, there are expected increases to the frequency of high silver awards and decreases to the frequency of diamond awards respectively.

**DIAMOND
HAS BEEN
INCREASED

INFORMATION

After many years of enjoying our videos on YouTube, we were forced to close our Youtube channel this season due to on-going issues with copyright, which has changed significantly over the last decade.

If you have posted to Youtube or other social platforms you may have found that the audio was blocked due to copyright claims on the music from the content owner.

Currently 30-40% of our videos are now being blocked and after repeated copyright claims our account was threatened to be permanently deleted. We don't want to lose over a decade of memories and the slice of history that our Youtube channel holds, thus regrettably we must stop posting the diamond videos. We will keep our platform alive throughout the season by posting some highlights with royalty-free music.

The screenshot shows the YouTube video settings interface. The 'Visibility' section is circled in red, showing a 'Blocked' status with a red lightning bolt icon. The text reads: 'No one can view this video due to one or more of the Content ID claims below.' Below this is a 'Learn more' link. The 'Monetization' section is also circled in red, showing an 'Ineligible' status with a red lightning bolt icon. The text reads: 'You're not in the YouTube Partner Program.' Below this is a 'Learn more' link.

Below these sections is a table of copyright claims:
